

9- Steps to Stop Sewer Blockages

- 1) Properly dispose of GREASE in the trash. You can refrigerate used grease in a container until it's ready for disposal.

- 2) Properly dispose of COFFEE GOUNDS in the compost or trash.

- 3) Properly dispose of EGG SHELLS in the trash.

- 4) Properly dispose of CAT LITTER in the trash.

- 5) Properly dispose of BABY DIAPERS and BABY WIPES in the trash.

- 6) Use a DRAIN SCREEN in your sink

- 7) Use a FINE DRAIN SCREEN in your SHOWER to catch hair and dispose of properly in the trash.

- 8) Do not use your toilet as a trash can. Hair, cotton balls, Q-tips and Kleenex belong in the trash!

- 9) Use plenty of flush water when operating the garbage disposal. You can also compost almost all kitchen scraps except meat, cheese, bones, and dairy products.
